

Mahr | Length Metrology

Convenient measurement with intuitive touch screen

The **Digimar 817 CLT** height gage for successful measurements in no time at all. A swiveling touch display ensures that the Digimar 817 CLT can be operated as conveniently as a tablet: large buttons, clearly structured menus and self-explanatory icons enable fast, smooth processes. Available in measuring range of 350 mm, 600 mm and 1,000 mm
